

6232 RUSSELL AVE

Kitchen & Main Bathroom Remodel

This stunning rambler will take you by surprise. Bright and filled with light, this open-concept kitchen and living space makes use of every inch. See how this clever DIY-er found extra space for cabinets, a mudroom, and even enlarged her Richfield bathroom.

Approximate Cost? \$65,000

Favorite Feature?

The center kitchen island with sink and wine rack.

Lessons Learned?

Give yourself deadlines, but know that these projects always take time, so patience is needed!

Splurge?

The kitchen appliances, towel warmer in the bathroom & Leafaway gutters.

Save?

To save money, I acted as my own general contractor. We also re-used a lot of 2x4s. I always shop sales and use discounts for paint and tile.
